SWEDEN - WILDBOAR

Stalking for Wildboar

Hunting wildboar in the beautiful Swedish Nature is a big experience.

The hunt will be a combination of sitting and waiting on feeding places combined with stalking in the early mornings!

May – August

The hunt will be both in the evenings and early mornings. We will hunt on fields and feeding places. The Hunter will sit in high seat.

January – February

The hunt will take place around full moon and then as a evening night hunt where the hunter will sit in high seat on feeding places. During the day we also can arrange driven hut where there will be small drives with 2 – 3 doghandlers.

Areas

The Areas are situated in the southern parts of Sweden where the closest town is Vaxjo. The areas are 1600ha and 1500 ha where they every year are shooting 75 – 100 wildboars. Every year there are boars over 150kg shoot. Fly into Copenhagen airport, from there it is 2½ hours drive alternative is to take a train to Vaxjo where you will be picked up. We can also arrange transfer directly from the airport

The Hunt

The Hunters will be sitting in high seats where we expect that the boars will feed, at the morning hunt(summer) there will also be stalking in the areas. Normally a group of 5 hunters will shoot 2-4 boars per outing. The driven hunt will be smaller drives where we are using 2-3 dogs to hunt the forest.

Other activities

Both arrangements are very suitable to bring the non hunter in the family along since there is lots of interesting activities. We are situated in the Kingdom of Crystal only 30km away from Kosta Boda, Orrefors.

There is also 4 golf courses in the area. The hunt can be combined with salmon and seatrout fishing in the world famous Mörrums ån only 40 minutes from the hunting area, or Pike and Sanders in lake Åsnen on the district.
