The Shooting

Cordoba is considered one of the best pigeon shooting capital of the world.

The 50 square mile radius (80 km) around the lodge is annually inhabited by over 5 million pigeons.

The lodge enjoys 60 shooting fields all within a scenic drive through the region.

The program generally starts at 8:00 AM with a hearty breakfast and a short drive to the shoot.

In the field you will be assigned a bird-boy, who will provide you with shot shells and refreshments and direct you to your shooting stand. You will be constantly visited by your main guide who will be available to assist you with any need, even give you some tips on your shooting if required.

Depending on the time of the year you will shoot till noon when you will be treated to an incredible barbeque lunch at the lodge, tasting some of Argentina's wonderful beef and the "exclusive wine".

Afternoon begins at around 2 or 2:30 hr., and continues until 5 or 6. Return to the lodge for cocktails at the wine cellar and early dinner.

These birds are large and fast, which make calculating speed a little bit deceptive. They work excellently with decoys.

We ensure one freshly built blind for each hunter. Decoys are strategically deployed around the blinds, at a suitable distance.
